Information on Disposal for Users of Waste Electrical & Electronic Equipment

This symbol on the product(s) and / or accompanying documents means that used electrical and electronic products should not be mixed with general household waste. For proper treatment, recovery and recycling, please take this product(s) to designated collection points where it will be accepted free of charge.

Alternatively, in some countries you may be able to return your products to your local retailer upon purchase of an equivalent new product.

Disposing of this product correctly will help save valuable resources and prevent any potential negative effects on human health and the environment, which could otherwise arise from inappropriate waste handling.

Please contact your local authority for further details of your nearest designated collection point.

Penalties may be applicable for incorrect disposal of this waste, in accordance with you national legislation.

For business users in the European Union

If you wish to discard electrical and electronic equipment, please contact your dealer or supplier for further information.

Information on Disposal in other Countries outside the European Union

This symbol is only valid in the European Union. If you wish to discard this product please contact your local authorities or dealer and ask for the correct method of disposal.

OVERVIEW OF MODES

The following user modes are selected by pushing the button labeled “MODE”:

1. Frequency Mode – Allows user to select a broadcast frequency. This mode is indicated by a channel number in the display window. This mode also checks for the presence of an adequate input signal. When the device is not connected properly or the input volume is not sufficient, the left-most decimal point will be illuminated.
2. Input Level Mode – Adjusts the audio level into the AXS863TR10 Transmitter. This mode is indicated by a number 0 – 10 in the display window.

SELECT A TRANSMIT CHANNEL

1. Press the UP or DOWN buttons on the Transmitter until the desired channel is displayed. For All NEW INSTALLATIONS USE THE Broadcastvision CHANNEL SCHEME.
 - For Broadcastvision channels 1-10, set to channels between 1-10
 - For Cardiotheater channels set to channels between 21-32

Note that the selection and other mode settings will be saved into the AXS863TR10 Transmitter after the buttons have not been pressed for 2 minutes so that if a power outage is experienced the proper settings will be restored when power is restored.

CONNECT TO AUDIO SOURCE

1. Connect the audio source to the transmitter through one of the 3 audio input options:
 - A. Analog audio jack (RCA or headphone jack from LCD or satellite/cable box should be chosen as a first option when available)
 - B. Digital optical jack
 - C. Digital coax jackThe transmitter will automatically detect the input.
2. Adjust the LCD Volume to a mid-range or until the audio broadcast from the LCD provides the best sound quality. The LCD audio level to the AXS863TR10 Transmitter can also be adjusted by pressing the mode button to access the Input Level mode. This mode is indicated by a number 0-10 in the display window. Press the UP/DOWN buttons to adjust the input power level to the AXS863TR10 Transmitter until the audio broadcast provides the best sound quality.
3. Note that the left-most digit and left-most decimal point functions as a simple volume level meter. The left-most decimal point will light up when no audio is detected from the piece of cardio. The bottom

broadcastvision entertainment

segment will indicate lower than desired audio level. The bottom and middle level segments illuminated indicates a favorable audio setting. When all 3 audio segments are lit up, the input volume level is too high resulting in an overdriven condition.

NOTE: The AXS863TR10 Transmitter incorporates an Automatic Level Control feature which will automatically fine-tune the internal audio signal level for optimum performance after the initial setting (above) has been completed.

Broadcastvision Entertainment Terms and Conditions

BVE Stock Items Returned for Credit

BVE manufactured products may only be returned for credit with written authorization from BVE within 30 days of the original invoice date. A 25% restocking fee will be charged for all returns. All products being returned to BVE require a Return Authorization number. Products must be returned in original condition with the original packaging, components and support material. Credit is contingent upon inspection of returned items.

Return Authorizations

A Return Authorization number must be issued from BVE prior to any item being returned for credit, repair or exchange. Items returned without approval will be refused and returned to the sender. Requests for a Return Authorization number may be made to our Customer Service Department at 1-888-330-4283.

Repairs and Replacements

A warranty repair of BVE manufactured product includes parts, labor and the return GROUND shipping to the customer. Repairs made while under warranty are covered for the duration of the valid warranty period. Non-Warranty repairs receive a "Repair Warranty" of 90 days parts and labor only. Warranties do not include on-site service. Advance Replacements of items in question may be arranged if the product is within 30 days of invoice date and is subject to product availability. Advance Replacements must be secured by the customer with a valid Credit Card or Net30 terms of an account in good standing.

Shipping

Shipping dates are estimates only. Products will be shipped per the designated Shipping Method. Paying for an accelerated Shipping Method only indicates the product will ship by that method when the product or repair is available. BVE will not be held responsible to accelerate shipping, discount invoices or compensate customers for loss of profits, business or goodwill due to back orders, shortages, shipping complications, damages, product malfunction, labor, construction, nature or delays.

Warranties

All products sold by BVE carry the original manufacturers' warranty. Warranty begins on the invoice date of purchase from BVE or an authorized BVE Dealer / Distributor. Warranty may alternately begin on the date of installation with a valid Installation Completion Form from an authorized BVE Dealer, Distributor or Installer. Warranties do not cover damage due to abuse, misuse, modification or the result of any third party. Warranties are not transferable and cover only the original purchaser with a valid invoice. Manufacturers will, at their option repair or replace equipment, as they deem necessary. Warranties do not include "on-site" service.
